

Assistant Centre Manager

Hanningfield Reservoir Nature Discovery Park

We are looking for an Assistant Centre Manager our Nature Discovery Centre at Hanningfield Reservoir.

About Essex Wildlife Trust

We are the County's leading nature conservation charity, committed to protecting wildlife and inspiring a lifelong love of nature and one of the largest Wildlife Trusts in the UK.

This is the most important decade in the history of nature conservation and an exciting time to be joining us. If we are to tackle the climate crisis and the ecological crisis, we need the best people to rally around environmental protection.

Our values are Impactful, Collaborative, United and Proactive.

The Role

Opened in 2012 and situated on the 11th largest reservoir in England, our Nature Discovery Centre at Hanningfield Reservoir is located between Chelmsford, Billericay and Wickford.

The site offers beautiful walks through the woodland, taking in bird hides, ponds and views across the reservoir.

The reservoir itself is a Site of Special Scientific Interest (SSSI) due to the important numbers of wildfowl that use the reservoir in the autumn and winter, including Gadwall, Tufted Duck and Pochard. The mature woodland has proved a popular bat roost.

Our welcoming and friendly team at Hanningfield Reservoir provide fantastic customer service to our visitors. As the Assistant Centre Manager, you will work closely with the Site Manager to deliver the day-to-day operations (compliance, administrative duties, retail, food and beverage), supervising staff and volunteers and interacting with guests to ensure an engaging visitor experience.

Welcome to Hanningfield Reservoir Nature Discovery Park

Welcome to **Hanningfield Reservoir Nature Discovery Park**. Our trails take you through ancient woodland, with wildlife hides offering astounding views over the 352 hectare reservoir.

There are three circular trails around the reserve. **Well Wood** takes you to RAWL hide, across the pond boardwalk where dragonflies zoom by, past historic oak trees and through an ancient hornbeam coppice. In spring, bluebells carpet the woodland floor, while woodpeckers nest in the tree trunks. **Hawks Wood** is lined by towering foxgloves and delicate wood melick. Look for colonies of wood ants scuttling across their impressive nests, and large bracket fungi growing on birch. For family fun follow the much-loved **The Wind in the Willows Trail**.

For recommendations, rest, refreshment, and retail therapy visit us at the Nature Discovery Centre.

Help us keep **Hanningfield** special by becoming a member of **Essex Wildlife Trust** today.

Love **Essex** • Love **Wildlife**
